

MAJOR W. W. ROBBINS.

Framer of the Indiana Military Bill Made Well by Paine's Celery Compound.

Major Robbins of the 2nd Indiana State guards, aide on Gen. McKee's staff and president of camp Gray, has been for two years one of the most influential members of the Indiana legislature and the author of the famous Indiana Military Law of 1889.

Major Robbins was a very sick man up to the time of taking Paine's celery compound.

In proof of what that remarkable remedy can do to make a sick person strong and well, Major Robbins' letter from Indianapolis best tells its own straightforward story.

"I was troubled with a torpid liver, constipation and the accompanying sallow complexion, while my entire nervous system was entirely deranged, and I was greatly reduced in flesh. While in this condition I was taken down with a very severe attack of the grip, and was, for a long time, confined to the house and my bed.

"I resorted to various medicines and tonics, and under their temporary influence made several attempts to resume my business of traveling about in the interests of A. Steffen, cigar manufacturer of this city; but relapse succeeded relapse, and I not only was obliged to abandon my business, but growing gradually worse, became apprehensive of the ultimate result.

"At this juncture, my mother-in-law who had used your remedy with gratifying results, prevailed upon me to commence taking Paine's celery compound, and it gives me great pleasure to state that I at once began to feel its beneficial effects.

"My appetite, which had failed me, returned, my constipation ceased, and very soon my liver became normal in its action. Following this my sleeplessness and headaches ceased, and I began to gain in flesh. The insidious hold on me that the grip had hitherto had was relaxed, and I felt invigorated and strengthened, so I could resume my vocation, and feel free from the languid, enervated feeling that had so long possessed me.

"My friends were pleasantly surprised with the change in my condition, and I was only too happy to recommend Paine's celery compound to such of my acquaintances as were suffering from any of the complaints which so complicated my case. Therefore, I again say I feel impelled by a deep sense of gratitude to express how much I have been helped, for I now feel and look like a new man."

Physicians who rely on Paine's celery compound—as thousands of the most wide-awake members of the profession are doing, especially now that nearly everyone feels the need of a genuine spring remedy—physicians know very well what that languor and that tired feeling means. They know that debility today often results in nervous prostration tomorrow, unless the tired system is quickly invigorated.

That is why all over the country today Paine's celery compound is being taken by the advice of skilled physicians. It is the one remedy that physicians can conscientiously call a genuine spring remedy. Try it.

ILLUSTRATED CLUB. The members and their ladies will hold the formal opening reception at the rooms of the club next Wednesday evening. It will be a pleasant informal social gathering of the bachelors Benedicts and their wives.

THE SINGING SKULE. Last evening the young people of Central chapel entertained the public with an old fashioned exhibition on the "singing skule" order. A doll drill was one of the numbers which attracted most applause. In the musical line there were solos, duets, choruses and a very funny laughing song. The house was packed full and the young folks (and old) who had the matter in charge are entitled to the highest credit for their efforts.

ALBANY CONSERVATORY OF MUSIC. The graduating class of '96 of the Albany conservatory of music, assisted by Miss Margaret Alderson, M. B., and Miss Brunner, will give its fifth musical recital in Albany, Friday evening, April 17. The numbers are from the works of Beethoven and Handel. The graduating class consists of Messrs. M. L. Akers and A. W. Lundell of Albany, and Misses Maude Hulbert and Edith Smick of Albany, and Miss Carrie Batchler, Lucia Cochran and Lillie Steiner of Salem.

A PLEASANT AFFAIR. Miss Margaret Parkhurst, happily entertained a number of friends at her beautiful home on Summer street last evening. Progressive whist and dancing was the order of the evening, followed by a delicious lunch. Those present were: Misses Margaret and Fannie Parkhurst, Anna Golden, Blanche Bell, Neva Griswold, Cora Rotan, Nina Damon, Edith Frizzell, Winnie Cherrington and Inez Rotan; Messrs. North Cherrington, Will Evans, Paul Van Dersol, Zedec Riggs, Joe Evans, at Guiss, Wm. Ogle and Aleck Moir.

A SURPRISE PARTY. Another one of those pleasant surprises was given Fred Bowersox at the home of R. A. Crossan on Winter street last evening by about twenty-five young folks. The surprise was complete but the young gentleman soon recovered and assisted in the entertainment of his guests. Games and music was the order of the evening after which a delightful lunch was served. The party was arranged to be an informal farewell to the young gentleman as it was thought by action of the United Evangelical conference which was in session the early part of the week Rev. J. Bowersox might have been placed in another field of labor which would necessitate the removal of the family from the city. But the many friends of Rev. Bowersox and family will be pleased to learn that the reverend gentleman has retained his charge in this city for another year at least.

THE EPWORTH LEAGUERS. Today's Proceedings of the Convention—Program for Sunday.

The First Methodist church was filled to overflowing last evening by the Epworth League delegates and their friends. The appreciation of the efforts of the Willamette university's college of music and oratory by the visiting delegates was evident by the hearty encores. The program as printed in last night's JOURNAL was given with an additional number by Prof. Heritage, who was obliged to respond to an encore.

MORNING SESSION. Rev. J. W. Spangler, of the Brownsville chapel, conducted devotional exercises this morning.

The bar of the convention was fixed at the 10th row of seats. Moved that delegations from each chapter be reduced from five to three. Referred to a committee consisting of Rev. Starr of Dallas, J. T. Abbott of Albany, Lester Hullin of Eugene, Addie Simpson of Lebanon and Alice Delano of Woodburn, to report later in the convention.

Officers for the ensuing year were elected as follows: President.—Miss Margaret Gilsen-dorfer, Albany; First Vice Pres., Rev. D. H. Glass; Second Vice Pres., Miss L. Culver; Cor. Sec., Lester Hullin; Engage; Rec. Sec., Miss Gould; Treas., Miss Addie Simpson, Lebanon.

On motion of convention the President and Presiding elder were authorized to send a telegram to Dr. Denison, indicative of the sincere sympathy of the convention in his serious illness.

Committee on reducing number of delegation reported as follows: "We your committee appointed to consider the question of number of delegation do respectfully recommend that the number of delegates from each chapter be reduced to three members in addition to the pastor who is a member ex-officio."

Next order of business was the choice of a place for holding annual convention next year. Portland, Dallas and Lebanon all wished the convention to meet with them. Rev. Starr of Dallas moved that a committee consisting of president, recording secretary and presiding elder be appointed to consult with a like committee from the Portland district to arrange for a joint meeting. Carried.

Dallas then withdrew from the race. Executive committee was authorized to make arrangements for a joint meeting, but also to select a place for annual convention. Carried. Lebanon was chosen unanimously as the place for holding the next meeting. The newly elected president, McDaniels, addressed the convention to take the place of the fraternal delegate from Portland.

THE IMMIGRATION MOVE.

Some Suggestions From the Secretary as to Local Work.

EDITOR JOURNAL.—Several public cations have appeared in your columns recently with reference to organizing a local board to work in connection with the Portland Immigration board which contemplates spending more than \$80,000 the coming year in eastern advertising of the Pacific Northwest. Nearly all of the prominent towns of the valley are now organized and have a local board consisting of prominent business men of each town to direct the work. G. J. Farnsworth, representing the Portland board, is now following up a canvass formerly made by Messrs. Pague and Devers to render such assistance necessary to get the local boards in working order. Such work is certainly very commendable and unselfish, as all the expense of such work is paid by the board at Portland. The Portland board, requires no money of any of the local organizations, and will gratuitously furnish to all the local organizations as many of their pamphlets as will be judiciously used for Eastern advertising. Each organization must raise money enough to cover local expenses and do such ad-

vertising as the local board may direct. All the other towns from Roseburg this way, are grasping the opportunity to build up and take care of their own interests. Recently there has been a colony of over fifty families located near Roseburg through the operations of the Portland board. Albany has raised nearly \$1500, to be paid in monthly payments to maintain their local work. Has Salem and surrounding country any common interests with the rest? Will Salem allow all the other towns in the valley, to make use of this marvelous opportunity, and we give the immigrant the cold shoulder? I say marvelous; when has any locality on this coast raised \$60,000 for Eastern advertising? The local board of Salem is organized, and will commence a canvass of the city next Monday, April 13th, to provide sufficient funds to be paid monthly to maintain the local work in Salem. Please think the matter over, and when the committee calls on you, they will be glad to give you all the information desired; and remember, this work is not partisan nor sectarian, but for the general good of all.

C. MARSH, Secretary.

We know of but one community in the world where dyspepsia is practically unknown, and that is the Shakers of Mount Lebanon, N. Y. These good people have been studying the subject of digestion for more than a hundred years, and they understand it pretty thoroughly, is evidenced in the foregoing fact. Their Digestive Cordial is the safest and best remedy in cases of indigestion that we know of. A trial bottle can be had through your druggists for the trifling sum of 10 cents.

The Shaker Digestive Cordial supplies the system with food already digested, and at the same time aids the digestion of other foods. It will almost instantly relieve the ordinary symptoms of indigestion, and no sufferer need be told what these are. Laxol is the best medicine for children. Doctors recommend it in place of Castor Oil.

When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria.
